SECOND STATEMENT BY ATTORNEY
IN SUPPORT OF PETITION TO MAKE SPECIAL

TECHNOLOGY CENTER R3700

Commissioner of Patents
Washington, D.C. 20231

Sir:

I, Michael A. Cantor (Registration No. 31,152) of Cantor Colburn LLP, 55 Griffin Road South, Bloomfield, CT 06002 (Telephone No. (860) 286-2929), am the attorney of record in this application and make the following statements.

MPEP 708.02.VIII requires a detailed discussion of the references deemed most closely related to the subject matter encompassed by the claims.

However, in this case, Applicants are unaware of any relevant references. The PCT International Search report lists four references (forwarded to the US PTO in an earlier Information Disclosure Statement), all of which were designated as "Category A". This means that the references define the general state of the art and are not considered to be of particular relevance. Indeed, the International Preliminary Examination Report states that the invention recited in the application is not disclosed in any of the Search Report references and that the claims are both novel and considered to involve an inventive step.

ATTACHMENT B

Based on the foregoing, it is believed that no discussion of the references is necessary or warranted due to the lack of any relevant references or any references whose subject matter is encompassed by the claims.

Respectfully submitted,
